11/29/16, 2:48 AM - Imaad: My friend and Secretary of State for California Alex Padilla

Go Alex

California to Trump: Forget about it.

When President-elect Trump claimed on Twitter that he was losing the popular vote because of massive voter fraud by millions of voters, one of the states he pointed to was California, where the latest voting returns showed Hillary

Clinton crushing Mr. Trump.

Now the state's top election official, Alex Padilla, has responded. Mr. Padilla asserted that there was no evidence for the president-elect's claim, and he denounced Mr. Trump for what he said was unpresidential behavior.

pic.twitter.com/WfxISEBwzN

- Alex Padilla (@AlexPadilla4CA) November 28, 2016

This state has historically been slow to count ballots, a reflection of its size and the inefficiencies of many county voting operations. As of Saturday, Mrs. Clinton had received 8.1 million votes in California, compared with 4.2

million for Mr. Trump, according to Mr. Padilla's office. It was not clear when the vote count would be concluded.

Mr. Padilla is the highest-ranking Latino elected to state office in California. Mr. Trump's poor showing there, many Democrats and Republicans said, came in no small part because of his attacks on what he described as the threat of

illegal immigration – particularly from Mexicans. About 40 percent of this state's population is Latino.

Another irresponsible attempt to undermine confidence in our elections. Baseless and counterproductive. <https://t.co/DW3ETVTsVM>

on every state and found out what words people like to hear in each state. Based on his research, Trump's speeches were written and executed. He's one of the four people Trump took with him while campaigning for nomination. He moved to

the US in June 2014 to visit his wife who was a student at that time. He found a roadside placard in Chandler and helped the local Republican mayor with his ideas to victory. He quickly moved up the ranks within the GOP and Avinash

currently holds the position of Sr. Executive Director for the GOP. Avinash is expected to get citizenship by approval from Trump immediately and a position of Arizona senator"

The Senator or Governor or the State Party people Louisiana have been ultra aggressive. They are beginning to piss me off and I don't get pissed off easily I don't know the person or the candidate at all so I will pass. I have never said no to you.Ever!

I have always given without ever getting even a small invite to the events in return. After what I have done for President Obama, you, DNC and other related to the DNC, I was never invited to any State Dinner or any meaningful event by

the outgoing White House. This will be the first time I have to say no to giving when you have asked. I think it would be good if we can catch up. I am still willing to help but I can't be pushed around like I have been.

Like an idiot

You would be shocked that I have given nothing to GOP or President-Elect but have offers left and right to come to their events and meet them. They took me to Trump Tower 26 floor for meeting. I believe they are using a better approach.

You guys need to look at how my friend Terry does things. whenever I have asked him to show up to my event he always did. When my mother passed away he came to California to meet me. These are the thing the current DNC is missing. The

I hope you can connect us with someone who is close to Ms. Valerie Jarrett to request a meeting for former Congressman John Bryant, attorney Charles Swift, and Brother Khalil (Eric) Meek, Executive Director of Muslim Legal Fund of

America (MLFA) to discuss the HLF clemency petition with her.

The purpose of the meeting would be to:

WhatsApp Chat with Imaad export - 12-24-14 to 2-28-17

Convey to her that a direct appeal by members of Congress and foreign leaders [REDACTED] has been made, or is in the process of being made, to the President, seeking that he grant HLF defendant's clemency petition, submitted September of this year. Emphasize that this meeting is not to seek Ms. Jarrett's advocacy on behalf of the petition, but rather to advise her regarding particulars not included in the clemency petition, which we believe would be relevant to the President in making a decision regarding the petition. Specifically, the meeting would concern the willingness and ability of the HLF defendants to relocate outside of the United States in the event that clemency is granted (without deportation proceedings being necessary). And express the ability to mount a PR effort emphasizing the benefits to National Security and foreign relations in support of a decision to commute the remaining sentences of the HLF defendants. Finally, to offer the willingness and ability to respond to any questions that might be raised surrounding the HLF clemency petition.

Can you please help us arrange this meeting? Everything is starting to take place as I mentioned to you and we are certain that Ms. Valerie Jarrett will be consulted in the President's decision. Therefore, it is critical that the above three gentlemen get an opportunity to meet with her to provide as much information and answer as many concerns as possible. And obviously the sooner the better. Please can you help us?

May Allah reward you for all your efforts..

Oussama
